

DEEPU KUSHWAHA

Lucknow, Uttar Pradesh | 8953246894 | deepukushwaha6828@gmail.com

PROFESSIONAL SUMMARY

B.Tech Computer Science & Engineering graduate (2026) with a strong academic record (CGPA 8.45) and hands-on project and internship experience in Python, Java, and MySQL. Skilled in core Java, C, HTML/CSS, and DBMS concepts. Seeking a Software Developer / Java Full Stack / Backend Developer role to apply strong programming fundamentals and problem-solving skills.

EDUCATION

G.C.R.G. Group of Institutions, Lucknow, Uttar Pradesh

Graduated: 2026

B.Tech in Computer Science & Engineering

- CGPA: 8.45 (Semester 7) | 8.0 (Semester 8)
- Class 12 – 62%
- Class 10 – 70%

TECHNICAL SKILLS

Programming Languages: Python, Java (Core Java), C

Web Technologies: HTML, CSS

Java Technologies: Servlets, JSP, Hibernate, JDBC

Database: MySQL, DBMS Concepts (Normalization, Queries, Joins)

Concepts: Object-Oriented Programming, Data Structures & Algorithms

EXPERIENCE

Java Full Stack Developer Intern

Internship

- Built a Java web application using Servlets, JSP, Hibernate, JDBC, and MySQL as part of the internship.
- Developed server-side logic with Servlets and JSP to handle requests and render dynamic web pages.
- Used Hibernate ORM and JDBC to connect the application to a MySQL database and perform data operations.
- Applied full-stack development practices across the front end, back end, and database layers.

PROJECTS

Wild Guard AI – Real-Time Animal Emotion Capture

Personal Project

- Developed a system to capture and analyze real-time animal emotion/behavior data using Python and Java.
- Designed and integrated a MySQL database to store and manage captured data for tracking and analysis.
- Applied core programming and DBMS concepts to build a functional end-to-end application for wildlife monitoring.

CYBERSECURITY TRAINING

- CyberOps Associate – Cisco Networking Academy (NetAcad)
- Cybersecurity Training

ADDITIONAL INFORMATION

- Actively practicing Data Structures & Algorithms and Core Java concepts for technical interviews.
- Open to relocation and remote opportunities as a Software Developer / Backend Developer.
